

Applying a Lean-Agile Mindset with SAFe

Operational and evaluable goals

 FACE-TO-FACE
2 days

 REMOTE
4 half-days

- Gain the knowledge necessary to lead a Lean-Agile enterprise by leveraging the Scaled Agile Framework® (SAFe®) and its underlying principles derived from Lean, systems thinking, Agile development, product development flow, and DevOps.
- Learn and practice the skills for supporting and executing PI Planning events, and coordinating multiple Agile Release Trains (ARTs).
- Understand the Lean-Agile Mindset, why it's so effective in today's adapt-or-die marketplace, and what it means to lead a Lean-Agile transformation.
- Learn how to build and support Agile teams and Agile Release Train (ART), empower a Lean Portfolio, build a Continuous Delivery Pipeline and DevOps culture, and coordinate large solutions.
- Develop a skillset that's in demand worldwide—and empower your enterprises to succeed in a disruptive marketplace—when you become a SAFe® Agilist (SA).

ACCESSIBILITY

If you have a disability, our Disability referent is available to discuss the necessary accommodations for the smooth running of your training.

Please explain your needs to him by email:

formation@digitaltango.ca

Topics covered

Leading SAFe®

- ✓ Introducing the Scaled Agile Framework
- ✓ Embracing a Lean-Agile Mindset
- ✓ Understanding SAFe Principles
- ✓ Creating High-Performing Teams and Trains
- ✓ Experiencing Planning Interval (PI) Planning
- ✓ Exploring, Executing, and Releasing Value
- ✓ Leading the Lean-Agile Enterprise
- ✓ Empowering a Lean Portfolio
- ✓ Building large-scale solutions

Prerequisites

No prerequisite

All profiles are welcome to this course, regardless of your experience. However, the following prerequisites are strongly recommended for those intending to take the SAFe® 6.0 Agilist (SA) certification exam:

- ✓ 5+ years of experience in software development, testing, analysis, product or project management
- ✓ Scrum experience

Certification

- ✓ Exam format : Multiple choice questionnaire (MCQ)
- ✓ Method: Via browser
- ✓ Duration: 1.5 hours (90 min.)
- ✓ Number of questions : 45
- ✓ Score to get : 36/45 (80%)
- ✓ Language: Exam in French or English.

At the end of the training, candidates will receive a link to the SAFe Studio platform and will be able to take the exam. The first test is included in the training within 30 days. Each new test will then cost \$50, payable directly on the SAFe Studio platform. Following successful completion of the exam, the candidate receives their certification which is valid for 1 year. This must be renewed annually and costs \$195/year or through the SAFe enterprise subscription "SAFe Enterprise Subscription (SES)".
