

SAFe® Lean Portfolio Management

Align strategy with execution with SAFe® Lean Portfolio Manager (LPM) 6.0 certification

Operational and evaluable goals

FACE-TO-FACE
2 or 3 days

REMOTE
5 half-days

- ✓ Create a culture of innovation, flexibility and speed where everyone in the portfolio can execute effectively as one unified team.
- ✓ In this course, you will gain the practical tools and techniques needed to implement Lean portfolio management functions of investment strategy and finance, Agile portfolio operations, and Lean governance. You will have the ability to capture the current and future state of the portfolio with the Portfolio Canvas tool and identify important business initiatives to achieve goals.
- ✓ You'll be able to establish portfolio flow with the Portfolio Kanban and prioritize initiatives for maximum economic benefit. The training also provides information on how to establish Lean value stream budgets and budget guardrails and measure Lean portfolio performance.

ACCESSIBILITY

If you have a disability, our Disability referent is available to discuss the necessary accommodations for the smooth running of your training.

Please explain your needs to him by email:

formation@digitaltango.ca

formation@digitaltango.ca

Topics covered

SAFe® Lean Portfolio Management

- ✓ Overview of Lean Portfolio Management (LPM)
- ✓ Establish an investment strategy and financing
- ✓ Applying Agile portfolio operations
- ✓ Apply lean governance
- ✓ Implementing the LPM function

Prerequisites

No prerequisite

Everyone is invited to take the course without prior knowledge. However, the following recommendations will make the training more productive:

- ✓ Knowledge of Agile concepts and principles
- ✓ Have completed an advanced SAFe® or SAFe® PO/PM course
- ✓ Experience working in a SAFe® environment

Certification

- ✓ Exam format : Multiple choice questionnaire (MCQ)
- ✓ Method: Via browser
- ✓ Duration: 1.5 hours (90 min.)
- ✓ Number of questions : 45
- ✓ Score to get : 32/45 (71%)
- ✓ Language: Exam in French or English

At the end of the training, candidates will receive a link to the SAFe Studio platform and will be able to take the exam. The first test is included in the training within 30 days. Each new test will then cost \$50, payable directly on the SAFe Studio platform. Following successful completion of the exam, the candidate receives their certification which is valid for 1 year. This must be renewed annually and costs \$295/year or through the SAFe enterprise subscription "SAFe Enterprise Subscription (SES)". [More informations on the Scaled Agile website : SAFe Lean Portfolio Manager 6.0 Review Details](#)

At the end of the exam, you receive your results immediately.
