Operational and evaluable goals

- Prepare to step into a SAFe® leadership role—and learn how to facilitate Agile team, ART, and enterprise success—by becoming a SAFe® Advanced Scrum Master (SASM).

- Explore facilitation of cross-team interactions in support of ART execution and relentless improvement.

- Learn actionable tools for building high-performing teams and explore practical ways of addressing Agile and Scrum anti-patterns in the enterprise.

- Expand the Scrum paradigm with an introduction to scalable engineering and DevOps practices, the application of Kanban to facilitate the flow of value, and supporting interactions with architects, product management, and other critical stakeholders.

ACCESSIBILITY

If you have a disability, our Disability referent is available to discuss the necessary accommodations for the smooth running of your training.

Prerequisites

No prerequisite

Everyone is invited to take the course, regardless of your experience. However, having one or more of the following certifications is strongly recommended for those intending to take the SAFe® Advanced Scrum Master (SASM) 6.0 certification exam:

- SAFe Scrum Master (SSM) Certification
- Professional Scrum Master (PSM) Certification

Certification

- Exam format : Multiple choice questionnaire (MCQ)
- Method: Via browser
- Duration: 2 hours (120 min.)
- Number of questions : 60
- Score to get : 44/60 (73%)
- Language: Exam in English

At the end of the training, candidates will receive a link to the SAFe Studio platform and will be able to take the exam. The first test is included in the training within 30 days. Each new test will then cost $50, payable directly on the SAFe Studio platform.
After passing the exam, the candidate receives his certification which is valid for 1 year. This must be renewed annually and costs $295/year or through the SAFe enterprise subscription "SAFe Enterprise Subscription (SES)".
