TRAINING

SAFe ® for Teams

Establishing team agility for Agile Release Trains with SAFe® Practitioner 6.0 certification

SP
SAFe® 6

FACE-TO-FACE	REMOTE
2 days	4 half-days

Operational and evaluable goals

- Develop the skills needed to become a successful member of an agile train (ART) and learn to collaborate effectively with other teams – by becoming a SAFe® 6.0 Practitioner (SP).

- Gain a deep understanding of ART, how it delivers value, and what you can do to effectively fulfill this role, using Scrum, Kanban, and Extreme Programming (XP).

- Learn how to write stories and break down features, plan and execute iterations, and plan together on a cadence within PIs.

- Learn about the continuous delivery pipeline and DevOps culture.

- Discover how to effectively integrate with other teams, and what it takes to continuously improve the train.

ACCESSIBILITY

If you have a disability, our Disability referent is available to discuss the necessary accommodations for the smooth running of your training.

Please explain your needs to him by email:

formation@digitaltango.ca

If you have any inquiries or need information about our services
formation@digitaltango.ca

Topics covered

SAFe ® for Teams

- Introduction to the Scaled Agile Framework® (SAFe®)
- Building an Agile team
- Plan and execute the iteration
- Run Planning Interval (PI)

Prerequisites

No prerequisite

Everyone is welcome to take the course, regardless of your experience.

However, the following prerequisites are strongly recommended for those intending to take the SAFe® Practitioner (SP) certification exam:

- Knowledge of Agile concepts and principles
- Knowledge of Scrum, Kanban and XP
- Working knowledge of software and hardware development processes

Certification

- Exam format : Multiple choice questionnaire (MCQ)
- Method: Via browser
- Duration: 1.5 hours (90 min.)
- Number of questions : 45
- Score to get : 36/45 (80%)
- Language: Exam in French or English

At the end of the training, candidates will receive a link to the SAFe Community platform and will be able to take the exam. The first test is included in the training within 30 days. Each new trial will then cost $50, payable directly on the SAFe Community platform.
Following successful completion of the exam, the candidate receives their certification which is valid for 1 year. This must be renewed annually and costs $195/year or through the SAFe enterprise subscription "SAFe Enterprise Subscription (SES)".
