SAFe ® DevOps

Optimizing Your Value Stream with SAFe®
DevOps Practitioner 6.0 certification

SCALED AGILE
PARTNER
GOLD SPCT

SDP
SAFe®
6

FACE-TO-FACE
2 days

REMOTE
4 half-days

Operational and evaluable goals

- Understand the DevOps skills needed to reduce time to market by improving the flow of value through the continuous delivery pipeline.
- Map the current value flow through the delivery pipeline, from idea to cash, and identify practices that eliminate bottlenecks.
- Build an actionable implementation plan that will accelerate the benefits of DevOps in their organization.

ACCESSIBILITY

If you have a disability, our Disability referent is available to discuss the necessary accommodations for the smooth running of your training.

Please explain your needs to him by email:

formation@digitaltango.ca

Topics covered

SAFe ® DevOps

- DevOps overview
- Map your continuous delivery pipeline
- Develop Alignment with Continuous Exploration
- Driving native quality with continuous integration
- Reduce time to market with continuous deployment
- Deliver business value with on-demand provisioning
- Implement actions

Prerequisites

No prerequisite

Everyone is invited to take the course without prior knowledge.

A B2 level of English is recommended for the correct understanding and reading of the questions during the exam.

Certification

- Exam format : Multiple choice questionnaire (MCQ)
- Method: Via browser
- Duration: 1.5 hours (90 min.)
- Number of questions : 45
- Score to get : 33/45 (73%)
- Language: Exam in English

At the end of the training, candidates will receive a link to the SAFe Studio platform and will be able to take the exam. The first test is included in the training within 30 days. Each new test will then cost $50, payable directly on the SAFe Studio platform.
Following successful completion of the exam, the candidate receives their certification which is valid for 1 year. This must be renewed annually and costs $195/year or through the SAFe enterprise subscription "SAFe Enterprise Subscription (SES)".
More informations on the Scaled Agile website : SAFe DevOps Practitioner 6.0 exam details

At the end of the exam, you receive your results immediately.
